Dear [redacted]

RE: APPLICATION FOR AN EXTENDED WELL TEST FOR Balcombe 2Z 1, UNDER LICENCE PEDL244 ('Licence')

With reference to your application, number WONS/11237/0/EWT/1 Version 1 - LR/30-5Z ('**Application**'), the Oil and Gas Authority ('**OGA**') gives approval under Clause 17(1) of the Licence to the **development programme** consisting of the 'Balcombe-2z Well Testing Programme (Rev01a)n' dated 20 August 2018 and the information submitted in the Application (together the '**Programme**') in respect of the LANDWARD well with designated OGA Well Registration Number: LR/30- 5Z ('**Well**').

Approval is given to: get petroleum in performance of the Well test, up to a volume of 350 tonnes in accordance with the Programme; and erect and carry out the Relevant Works (as defined in Clause 17(9) of the Licence).

In addition to its approval of the Programme, the OGA gives its consent pursuant to Clause 24 (3) (a) of the Licence for the flaring of gas during the Well test period as specified in the Programme, up to a volume of 11500 cubic metres.

We remind you that separate applications are required for consents or approvals, as set out in the Licence and relevant legislation, for any activity not specifically covered by this approval and consent. We further remind you of the jurisdiction of other regulators in relation to the proposed operations and that it is your responsibility to ensure compliance with relevant statutory requirements.

This approval and consent shall remain valid for one year from the date first above written.

Oil & Gas Authority

Yours faithfully
