BALCOMBE – PRE-CONDITION 9

1. INTRODUCTION

Angus Energy Weald Basin No. 3 Ltd (hereafter "ANGS") an approved OGA Operator is seeking to discharge a number of planning conditions in relation to the exploration and appraisal of the existing hydrocarbon lateral borehole at Lower Stumble Hydrocarbon Exploration Site, London Road, Balcombe, Haywards Heath, West Sussex, RH17 6JH.

Planning permission was granted by the West Sussex County Council on the 27th October 2017 (Ref: WSCC/040/17/BA).

This supporting statement aims to discharge Planning Condition No. 9 foul water drainage scheme for the duration of the well test period.

PLANNING CONDITION NUMBER	PLANNING CONDITION DETAILS
9	Development shall not begin until a scheme of foul water drainage has been submitted to and approved in writing by the Minerals Planning Authority. The approved scheme shall thereafter be implemented in full and maintained throughout the duration of the development.

BALCOMBE – PRE-CONDITION 9

2. CONDITION 9: FOUL WATER DRAINAGE SCHEME

PLANNING CONDITION NUMBER	PLANNING CONDITION DETAILS
9	Development shall not begin until a scheme of foul water drainage has been submitted to and approved in writing by the Minerals Planning Authority. The approved scheme shall thereafter be implemented in full and maintained throughout the duration of the development.

2.1 ACTION TO DISCHARGE CONDITION

The purpose of this supporting statement is to outline Angus Energy Weald Basin No. 3 Ltd (hereafter "ANGS") an approved OGA Operator's management arrangements for foul water drainage in response to pre-condition No. 9 under application No: WSCC/040/17/BA.

ANGS shall hire portaloos and welfare cabins from an approved supplier for the duration of the programme of work. The portaloos and welfare cabins are designed to be durable and robust as well as being easy to clean and maintain. The portaloos and welfare cabins shall be plumbed into the wellsite's mains water and generator system and commissioned onsite by a competent person. The portaloos shall be linked together to create a seamless integrated facility for both males and females.

The portaloos and welfare cabins shall be fitted with high-quality sinks & taps, with hot and cold running water, full-flushing toilets and lighting for the working hours onsite. Maintaining good levels of housekeeping onsite is a strict ANGS Site Rule. The portaloos and welfare cabins shall be visited, inspected and cleaned on a daily basis to maintain good levels of cleanliness and hygiene.

The domestic sewage waste from toilets, sinks, basins, washing machine, tumble dryer and shower unit shall be stored in self-contained tanks and these shall be emptied and disposed of using a registered and approved waste contractor. The vacuum tanker shall be called upon on an as-and-when required basis to ensure the portaloos and welfare

BALCOMBE – PRE-CONDITION 9

cabins are kept in good working order for the requirement of the project. The waste contractor’s operational team are fully trained professionals, who conform to industry codes of best practice.

The waste contractor shall transport and dispose the waste to a licensed sewage treatment facility. Every transfer of waste between ANGS and the waste contractor shall be covered by a Waste Transfer Note (WTN) as specified under the Waste (England and Wales) Regulations 2001 and subsequent amendments in 2012 and 2014. ANGS shall make these WTN available to any internal or external interested party and these records shall be kept and maintained by ANGS for at least two years.

ANGS shall ensure that the facilities required for the programme of work are sufficient and suitable, adequately ventilated and lit and kept in a clean and orderly condition. ANGS shall fully comply with the legal obligations as outlined under the Workplace (Health, Safety and Welfare) Regulation 1992 and associated primary and secondary legislation.

Utilising temporary portaloos and welfare cabins onsite is considered the most appropriate and suitable method due to the duration of the programme of work. The portaloos and welfare cabins shall be shown clearly on wellsite layout drawings. The portaloos and welfare cabins shall be situated in pedestrian areas onsite and outside the working area.

The proposed scheme shall be implemented in full and maintained throughout the duration of the project in compliance with West Sussex County Council pre-condition.
